

## OETA's AJE Career Exploration Event

We are excited to invite you as a panelist to our upcoming event designed to guide middle school students through the key elements of the Individual Career and Academic Plan (ICAP). This initiative aims to equip students with the knowledge and tools to set personalized academic and career goals while exploring diverse postsecondary opportunities. Beyond the ICAP requirements, we emphasize the importance of social connection and networking within each industry. Your support will be instrumental in making this event a success.

### **To maximize student engagement, our event includes an interactive educational activity:**

- Panelists, Vendors, and Exhibits will focus on aviation and aerospace career pathways and ICAP elements.
- Bingo Cards featuring fill-in-the-blank and multiple-choice questions related to career goals, certification, financial aid, and other ICAP elements.
- Bingo Activity: Students will complete their Bingo cards by interacting with vendors, panelists, and exhibits. Completed cards will be used to play Bingo for prizes at the end of the event.

Your professional experience will help provide students with valuable industry connections and enhance their understanding of career pathways in aviation and aerospace. Join us in making a meaningful difference in students' futures.
